

INFORMACIÓN SOBRE COMPONENTES

| |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Agua |
| Alquil éter sulfato sódico 27% |
| Mezcla de Alcoholes, C12-18, etoxilados y Alcohols, C11-13-branched, ethoxylated |
| Perfume |
| Tetrasodium biphosphonate |
| Amoníaco anhidro |
| Preparado en base a: Dimethylaminepropylamine, reaction products with castor oil, ethoxylated, quaternized with dimethylsulfate / Amina, coco alquil con EO |
| 2-aminoetanol |
| Antifoam emulsión: poly(oxy-1,2-ethanediyl), α -(1- oxooctadecyl)- ω -hydroxy- / glycerol monostearate |
| Colorante |
| Limonene |
